WORK EXPERIENCE

Toptive

Río Cuarto, Córdoba, Argentina

Software Developer – Full Stack

October 2024 – January 2025

- Developed web applications using React, Next.js, Node.js, and MongoDB, integrating RESTful APIs and managing databases.
- Configured and maintained servers, deployed applications in the cloud using AWS Amplify, and updated production environments.
- Identified and resolved bugs, ensuring code quality through best practices in version control (Git/GitHub) and collaborative code reviews.
- Communicated directly with clients and cross-functional teams to meet project requirements and objectives.
- Adapted to multiple roles, including developer, tester and debugger, and quickly adopted new technologies as required by the project.
- Developed mobile applications using React Native, integrating Firebase for database management and Stripe for payment processing.

PepsiCo

Río Cuarto, Córdoba, Argentina

Field Interviewer

July 2025

- Conducted in-person surveys at various points of sale for data collection purposes.
- Ensured accuracy and quality when entering information into digital platforms and spreadsheets.
- Met assigned daily and weekly targets, adhering to established protocols and guidelines.
- Developed strong skills in effective communication, active listening, and interpersonal interaction.
- Demonstrated adaptability and commitment while working under supervision in a dynamic, fast-paced project environment.
